COCO-MAT
sleep on nature

NATURAL MATERIALS

Using Nature's wisdom as a guide and source of inspiration, COCO-MAT created innovative sleep products, made using natural materials all of which are naturally replenish-able and thus sustainable, such as coconut fibre, natural rubber, wool, cotton, goose down, oak, seaweed, eucalyptus, horsehair and cactus fibre.

COCO-MAT brings together each material's unique and inherent qualities to create an unparalleled sleep experience:

Sleep on Nature!

ORTHOSOMATIC PRINCIPLE

Based on the idea that our body (or soma in Greek) naturally knows what is right (ortho in Greek) for it, we have developed highly elastic mattresses that can perfectly adapt to any shape and form. Multiple layers of natural materials are stacked inside each product. No metal springs are used. Harder layers, such as coconut fiber, provide bodyweight support, while the more elastic layers of natural latex follow the body's shape, gently hugging every curve. Instead of making your body adapt to the ways of a metal-spring mattress, we made a mattress that surrenders to your body.

That's the essence of the orthosomatic principle!

Bed-Mattress

1

1 COCO-MAT Bed-Mattress

Orestis. Is a long-lasting, metal-free bed-base made from natural materials. Nailed slats inside are made of pine wood with a recommended gap between them to prevent the mattress from sagging and ensure greater stability. In addition, layers of natural rubber and rubberized coconut fiber offer the right balance of support and elasticity. Provides solid support when combined with any of our mattresses and top-mattresses.

2 COCO-MAT Mattress

Atlas. Our best-seller, suitable for all body types. It offers different levels of elasticity on each side, allowing you to choose between elastic or less elastic. Contains seaweed, which aids breathing through the slow release of iodine.

3 COCO-MAT Top-Mattress

Iviskos. A rich layer of natural rubber which gives perfect elasticity and comfort. Suitable for all body types and any sleep system. The cotton covers can easily be removed and washed.

4 COCO-MAT Top-Mattress

Kyriaki. Our very best top-mattress gracefully supports your body with feather-light comfort, and wraps you in softness from head to toe. Filled with fine goose down, evenly distributed in individual compartments, which can be removed and washed, thanks to zipper openings.
